# Smart and simple ideas for your daily life

The 2024 Candy Free Standing Catalogue is here!

Sneak a peak to discover our wide range of **smart**, **accessible** and Italian-inspired solutions, designed to **make** your daily life **easier than ever**.
Whether you're looking to freshen up your **cooking style**, improve your **cooling issues** or enhance your **washing experience**, we have lots of ideas that fit your needs.
Go ahead to meet them all!

Smart

Make your life easy as a pie with Candy smart approach!
Since smartness is our DNA, we offer plenty of **connected solutions** across different **product categories**, that help you to save time, energy and money.
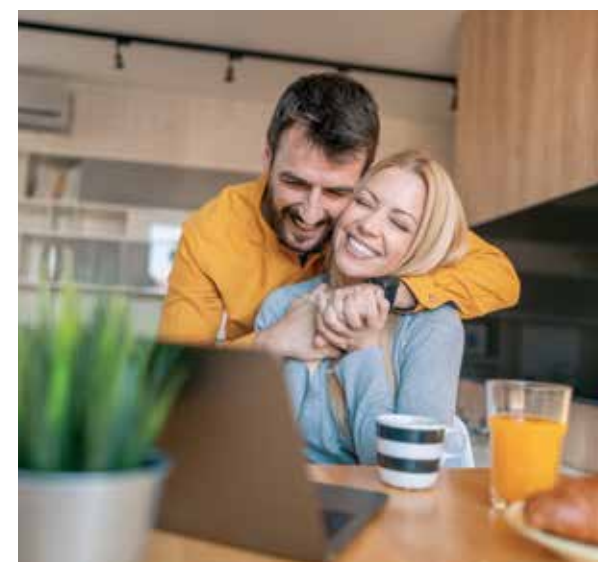

Accessible

Accessible solutions: what does it mean?
It means an accessible positioning with a value for money proposition: we offer **something more at a lower price**, compared to competitors. But it also means that we design **easy-to-use products**, with super intuitive technologies.

Italian

We are very proud of where we came from.
This is why you can feel the **Italian touch** in the design of the products, in the attention to detail and in the **brand attitude** towards home living, food and lifestyle.

Extra saving extra efficiency

Candy is very proud to offer you a **wide range of best-in-class products** that help you to save energy, time and money without any compromise on quality and performance. In fact, we are known to always propose **accessible** solutions: **offering something more at the best value for money**.

But we tell you more! Candy is one of the **European top-selling leaders** of **Class A** appliances.

A-Class washing machine: what it means

Our **A class washing machines** allow you to **save up to 50% of energy** (compared to a G class).
Plus, we're always working to help you **save even more**.
Some of **Candy appliances** are in **superior A class (A-10%, A -15%, A-20%)**, which means that you can **save up to 60% of energy**.
But there's more.
Candy comes with a world of **in-app saving features** that can make a real difference on your **energy bill**.

SAVE UP TO 60% OF ENERGY

WASHING MACHINE
Save up to 30 washes* a year

Candy washing machines guarantee energy efficiency and **top-quality performance**, with complete respect for the environment.

Reduce water consumption with the **Speed Drive Inverter motor**

Make energy savings of 20-50%** when heating the water

Double cleaning performance even at low temperatures

TUMBLE DRYER
Tumble dry your load consuming just 0.7 kw/h*

Optimise your **energy consumption by 70%** with the **Heat Pump** system and **Kilo Detector** function.

* Around a third of the cost of running a traditional condenser dryer.
** Over the course of 11 years.

WASHER DRYER
-70%* water, time and energy with a half load

Our household appliances minimise energy waste. And if you only use the wash cycle, the **RapidÓ washer dryer** guarantees **class A** performances!

* Independent energy analysis by Youreko

index

Make your life smarter with the Candy smart appliance

The Candy DNA has always been about **simplifying your daily life**. That's why we've designed a world of **smart solutions**, easily manageable from your **smartphone** thanks to the **hOn App**.
Just download it, pair your products and enjoy a complete set of **additional functions** that allow you to manage your dinner from the sofa, **find the best wine to pair**, know the **best way to wash your clothes** and much more.

Discover the **smart features** that can change up your routine.

Candy Multi-control*

Try the Candy multi-control to enable a dynamic and **innovative interaction** that always fits your needs. Manage and check on your connected appliances anytime, **wherever you are**, and use the **Smart Speakers*** to interact with them in the easiest way. Try the hOn remote control and save time for the **things you like the most**.

* only on certain models

Full guidance

The hOn app always supports you in clarifying your **doubts** and managing your activities at best. Discover a brand new, smart full guidance experience: a series of **step-by-step easy procedures** that will quickly bring you to the solution you need. Which is the right program to start? The **hOn App will tell you**! Where to store a particular food? The hOn App knows it! How to always keep up with expiring dates? The hOn App reminds you!

Special contents

The **Candy-connected world** is full of surprises! Use the hOn App to access a **full set of dedicated contents**, specifically created to help you use your appliances at their full potential: **special recipes**, tips & tricks, and unexpected usages that will make your **everyday life easier** and more fun!

Easy maintenance

Periodical maintenance is so important to keep your appliances **working perfectly for longer**, but remember about it is not always easy. Now you can relax! The **Candy in-App guide** supports you in fixing minor issues always telling you how and what to do. It will also help you by sending you notifications and smart reminders about the necessary **maintenance activities** for all your smart appliances.

Efficiency tracking

Efficiency is not optional and Candy knows it. Thanks to the hOn App you can be always updated about your **appliances consumption**, get information about your most used programs, and learn how to improve performance and **optimize consumption efficiency** through **dedicated tips**.

What is the difference between simply-Fi and hOn?

While **simply-Fi** is the very first app developed by **Candy**, the **hOn App** is the Haier Group new connectivity platform **launched in 2020**. Some products with the simply-Fi app are still available on the market, but this is not an issue: both apps allow you to fully enjoy the Candy **smart connectivity features**.
So, which app should I download?
Easy: the one that is pictured on the product!

Take a spin on the smartest laundry ever

Spoiler alert:
in 2024 laundry will be even **easier** and **quicker**.

How?
With **efficient rapid programs** and a world of **smart features**, our **washing machine** ranges have been designed to fit your **space** and your **time**, even if you have a very busy life.
Go ahead and discover how they can make a **big difference** in your laundry routine.

washing

Your smart laundry experience

Choosing a **Candy connected washing machine** or **washer dryer** means choosing great performance and ease of use but also a whole **world of unique connectivity features** that will allow you to use your washer **at its full potential**. **Smart solutions**, special programs, and dedicated content will help you **save time** and will make your washing **experience** simple and easy.

Snap&Wash to find the perfect cycle

Doing laundry can be difficult (and boring) sometimes. Discover the **smartest way** to save time and transform laundry into a **fun experience**. The **Snap&Wash*** function on the hOn App allows you to find out the best cycle for your laundry by just using your smartphone! Take a picture of the pile of garments and the hOn App will let you know which is the right program.

* Available only on specific models.

Remote control to manage your washer wherever you are

Start and stop the **washing or drying cycle anytime**, wherever you are via the hOn App and enjoy maximum flexibility. Plus, you can get end-of-cycle notifications and start a specific cycle of gentle movements remotely to keep your laundry always fresh!

Additional cycles to match any need

Open the hOn App and access many **additional washing programs** to match each of your laundry needs. Enjoy the guided washing via App: simply insert your laundry fabric and **type**, the dirty level and colour and the App will tell you which is the **best program** and you will just have to start it!

Washing tips to solve any laundry doubt

Featuring **a world of dedicated washing tips**, the CandyApp will answer any question you might have. Access our **easy guides** and discover how to remove more than **50 types** of stubborn stains plus tips about washing care and maintenance.

Statistics & reports to save energy

Use the hOn App to control your **most frequently used programs**, check consumption, compare the actual amount of washed laundry to the suggested one and learn how to **optimize your washing machine** and washer dryer usage to **make it more efficient**.

Programs and functions

Quick cycles 14/30/44 minutes to save time

Are you in a hurry? Or maybe, you just want to focus on things you like the most? Choose between **3 Quick Cycles from 14 to 44 minutes**, according to your needs. Same washing results, more time for you.

Hygiene 60 for stubborn dirt

A cycle that uses the Quick & Clean function to **remove stubborn dirt from cotton garments at only 60 C**. For this cycle, the machine should not be loaded to more than 2/3 of its capacity.

Baby cycle to sterilizes your baby's clothes

Use the **hOn App** to discover a specific cycle for your little ones. This program sterilizes all your baby clothes at **only 60°C**, thanks to enzymes activated by the initial water jet. The rinse cycle eliminates all traces of detergent helping to protect your **baby's sensitive skin**.

Hand Wash & Silk for delicate garments

This special cycle is designed for **delicate garments**. In fact, the gentle pulsing movements of the drum simulate a **hand wash**. (Garments must be marked machine-washable).

Delicate cycle for delicate fabrics

A cycle for particularly delicate fabrics. It is punctuated with pauses, using a greater **quantity of water** to dissolve the detergent and prevent it from acting aggressively on the fabric.

Eco 20° for normal soiled

This program cycle is able to clean normal soiled laundry washable at **20°C**.

Refresh Touch for freshening up your garments

A series of slow, delicate movements to keep your clothes fresh and uncreased after the washing cycle has finished. Available on Wi-Fi+ models, you can activate this function through the App.

washing

The Candy washing machines unique features

Quick&Clean Technology for quick results

To get quick, effortless results, you no longer need to apply detergent directly on your clothes stains. The **Quick & Clean technology** creates a concentrated mix of clean water and detergent and sprays it directly on the garments, boosting **fast and effective stain removal action**, even with large washing loads.

Speed Inverter Motor for perfect results

With Candy Washing Machines you no longer have to choose between saving time and getting perfect laundry results. The **Speed Drive Inverter Motor** boosts the cleaning action by **up to 50%** and guarantees the best results even with quick cycles.

Anti Crease feature to reduce ironing time

Thanks to the Anti Crease function, designed to reduce 80% of creases, simplify your ironing, and banish odours and allergens with a deep-down cleaning.

Kg Detector to simplify your laundry

The **Kilo Detector** is a function designed to simplify your laundry experience. How does it work?
It sets the **water consumption** and **washing time** based on the weight of your laundry, reducing waste of energy up to 40% and ensuring a perfect wash.

BEST IN CLASS
A*
*in line with new European regulations

A-Class to save energy

We all know how important it is to reduce energy consumption. This is why Candy washing machines, thanks to their **cutting-edge Silent Inverter motors** and the **Quick&Clean** technology, are classified in **A CLASS**.

Start Delay to match your needs

Thanks to the start delay features you can set your dryer to finish your drying automatically at a later time, choosing a delay between **1 to 24 hours**. This allows you to remove the garments from the dryer once ready without leaving them inside for longer time and lets you save energy since you can set the appliance when the **electricity is more convenient**.

Level of soiling to optimize your laundry

When it comes to washing cycles, one size doesn't fit all. Whatever your cleaning need might be, your Candy **Washing Machine** or **Washer Dryer** will take care of it. Simply select the **most appropriate soil level** to get perfect results without wasting water or electricity.

washing

Rapid*Ó*

The easiest way to save time

In our busy lives, the most precious thing is time. This is why we've designed **Candy RapidÓ**, a quick and efficient **washing machine** that allows you to save time with the most complete set of 9 rapid cycles on the market.

washing

Connectivity features

Snap&Wash to find the ideal program

Thanks to the **Snap & Wash feature**, you can find out which is the best program suited to your laundry amount, and color, by just taking a snap of your garments.

Match your washing needs with **60+ in app cycles**

Open the **Candy App** and access a list of more than **60 washing programs** (available only via app) to match each of your **laundry**

Manage your washer wherever you are with **Remote Control**

Equipped with Wi-Fi connectivity, your RapidÓ can be easily managed directly from your smartphone even when you are not home.

500 + washing tips and tricks for your laundry doubts

Featuring **more than 500 dedicated washing tips**, the Candy App will answer any question about **detergent dosing**, specific colours or fabrics, stubborn stains, maintenance and much more.

Voice Control to talk with your RapidÓ

Would you like to know how long until the cycle is done? Easy! Connect your washer to **Amazon Alexa** and **Google Home**. In just a few minutes you will manage your washing machine by simply using your voice.

Improve your washing habits with **Real-Time statistics**

The **Candy app** lets you control the most frequently **used programs**, check **consumption**, compare the actual amount of washed laundry to the suggested one and learn how to **optimize** the usage of your washing machine to make it more efficient.

washing

Your smart laundry experience

Choose a **Candy connected dryer** to get the perfect match between **drying performance** and **ease of use** but also a complete series of **unique connectivity features** that will allow you to use it at **best**. Discover **smart solutions** and **programs**, dedicated **contents**, and special **tips** that will make your daily drying experience simple and **easy**.

Digital assistants to talk with your dryer

Let your Digital Assistant, such as Alexa and Google Home, help you during laundry. Through them you can start, stop and pause your cycle and check the cycle status.

Extra tips to simplify your laundry

Useful advice is always welcome when it's about **laundry**. **Candy** knows it and that's why you can use the **hOn App** to access a **whole world** of **extra tips**, dedicated hints and short video tutorials that will make you a laundry expert with no effort at all.

Smart check-up to extend the life of your dryer

The **smart check-up*** function, available via **hOn App**, allows you to be always **updated** about your **dryer status** and to have it easily **under control**. Plus, you will receive **periodical notifications** about **maintenance** and you will have **access** to **practical guides** that will help you to easily **fix** little **issues** by **yourself**.

Additional cycles to match your needs

Choosing the **right drying program** is not always easy, especially when it's about **specific** types of garments or **fabrics**. The **hOn App** lets you choose between a world of **additional drying cycles** dedicated to different kinds of fabric, even the most delicate ones.

Let's see them together!

The new integrated dryer allows you to dry any kind of fabric.
Just Access the hOn App and select the ideal cycle for your laundry:

• **Anti-allergy:** Specific cycle that dries and simultaneously helps to reduce the main allergens.

• **Sport plus:** Dedicated to technical garments for sport and fitness, dries gently with special care to avoid the shrinking and deterioration of elastic fibers.

• **Baby:** This cycle is perfect for baby clothes when high levels of hygiene level are required.

• **Bed & Bath:** Specific cycle dedicated to larger linen, like curtains, sheets and tablecloths, that minimizes tangles and folds.

The Candy dryers
unique features

A++
ENERGY CLASS
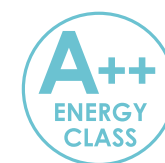

Heat Pump System to save energy

The new **Integrated dryers** are in **A++ Energy Class**. This is made possible by the **Heat Pump Technology,** which allows to reduce the drying expenses up to 60%*, thanks to the closed working circuits that avoid energy dissipation. Moreover, it totally takes care of your garments **without damaging them** since it dries at low temperatures.

* compared to a condenser or a vented dryer.

Kg detector to save time and money

Candy integrated dryers come with **weight** and **drying sensors**, that are able to estimate the weight and automatically **adjust the drying level**. This allows you to **save time**, **energy** and **money**.

Super easy iron to reduce creases

Your new dryer **reduces creases** thanks to the special alternate motion and anti-crease action, pre and post cycle. In fact, the **Smart Humidity Sensor** relaxes fibers and allows you to **iron your clothes in half the time**.

Start delay to match your needs

Thanks to the **start delay features** you can set your dryer to finish your drying automatically at a later time, choosing a **delay between 1 to 24 hours.** This allows you to remove the garments from the dryer once ready **without leaving them inside for longer** and lets you **save energy** since you can **set the appliance** when the **electricity is more convenient.**

washing

Larger porthole for easy loading and unloading

The innovative ergonomic design of **Candy Dryers** has been developed to make your laundry experience stress-free. In fact, they come with a **larger and higher porthole** which makes **loading** and **unloading effortless** and **easy**.

Easy case for maximum comfort

Candy has designed the **Easy Case**, an **innovative water collection system** that makes your laundry easier than ever. It consists of a removable case integrated into the **door porthole**. It comes with a handle and spout and is therefore **easy to carry**, simple to empty, **with no spillage**. Plus, it lets you reuse water in the **most efficient way**, always keeping the water level under control.

Clever interface for an intuitive user experience

The new **5 Digit Display** with new icons and its **intuitive screen layout**, allows you to easily access a world of **information about programs**.

Woolmark approved to safely dry your wool

Thanks to the special movement of the drum and the **accurate temperature control**, Candy dryers are ideal for **delicate fabrics**, such as **wool**, preserving their natural softness.
This has meant that our dryers have been approved by the **Woolmark Company**, the global authority on wool which certifies the authenticity and quality of the fiber.

Maximum loading capacity for frequent use

With a capacity of **up to 11kg**, Candy dryers are ideal for **large families** or frequent use.

DISHWASHERS

washing

Put away the sponge and enjoy the smartest washing experience

Today people don't just need **efficient home appliances**. They demand **valuable allies** that simplify their everyday life with practical solutions, saving them time, money and strength. This is why Candy has created **Rapido'**, an innovative dishwasher range that eases your washing experience.
Go ahead to meet your next ally in the kitchen.

washing

Your smart washing experience

Not sure about how to **wash** or **where** to place that particular **mug** or **cooking** pan?
No problem! Use the **hOn App** and get a complete **washing guide**.
Plus, you will find a world of **additional cycles** to match any **washing need**
and get a world of **tips** to take care of your **dishwasher** and extend its life!

Match any need with more than 20 additional cycles

Would you like to get great results?
Open the **hOn App** and access a list of **more than 20 washing programs**, even when you are not home: just and start the ideal one from your phone to match each of your needs!

Extend the life of your dishwasher with the smart check-ups

Tired of forgetting about cleaning your dishwasher filter? The **hOn App** keeps track of the right schedule for your dishwasher maintenance and allows you to directly launch the "Autocleaning" **cycle** to clean & sanitize the drum. Efficiency, saving and reliability are guaranteed and **will make** your dishwasher last for longer.

Manage your dishwasher remotely with the Remote Control

Do you want your **dishwasher** to work while you're **not home** while having it always **under control**? Thanks to the **hOn App**, you can now **manage** your **dishwasher remotely**. Use the **hOn App** on your **smartphone** to **activate** or **stop** the **washing cycle** whenever you want, wherever you are. Plus, you can always **check** on the **dishwasher status** and keep **updated** on the **time remaining** until the **end** of the **cycle**.

Solve any doubt on correct loading with the Dish Placer function

Every kitchenware has its place. Just use the **Dish Placer function** on your **hOn App** to solve any doubt on **correct loading**: you will find the right position for every kind of dishware to optimize the space and get great results.

Candy Rapido'.
Less washing time, more washing space.

Say hello to **Candy Rapido'**, the **most rapid** and **spacious** dishwasher on the market. Available in **free-standing** and **built-in models**, it comes with the **35'cycle**, designed to perfectly **wash and dry** your dishes in only 35 minutes.
Plus, with the **most spacious tub on the market** (in standard dimensions), it allows you to fit even the **largest items** such as pizza plates, oven trays and long ladles.
But there's more. Featuring a world of **connectivity features**, Rapidó will make your kitchen life smarter than ever.

The quickest Wash&Dry Cycle in the market to save time

Thanks to the **New Speed Drive Inverter Motor**, Candy Rapido' features the quickest **Wash&Dry Cycle** in the market, which lasts only 35 minutes.

Enjoy great usability with the Scrolling Digit function

Your dishwasher talks with you in 25 languages thanks to the **Scrolling Digit function**. Get all the information you need through the intuitive Text-Display with touch control and forget the manuals.

Make your washing experience smart and fun with the in-app features

Choosing **Candy Rapido'** means choosing great performance and ease of use but also a **whole world of unique connectivity features** that will allow you to use your dishwasher at its full potential. **Smart tips**, **special programs**, and **remote control** will help you **save time** and will make your **experience** easier than ever. Plus, thanks to the **Snap&Wash** feature, you can get **tips on proper loading** just by taking a picture of your loaded basket.

washing

Save energy & water

Thanks to the combination of the new innovative and high-performing **Motor Inverter** and its washing systems, your new dishwasher can **reach up to the new Energy Class**.

10 litres

Enjoy the silence thanks to the low noise level

Thanks to the most advanced **soundproof technology**, Candy Rapido' ensures **quiet washing performances**.

Improved washing results with the Powerwash system

The new **Powerwash system** comes with six **additional water jets**, designed to increase the water flow and ensure **great cleaning performance**, even with the most stubborn dirt.

* Only available on 16 pls model.

Choose the model that fits your needs!

White

Anthracite

Inox

The Candy dishwashers unique features

Great capacity with 16 place settings

With up to 16 place settings even in standard dimensions, Candy has designed the most spacious dishwasher available on the market.
It lets you load up to 201 items of tableware in just one cycle.

* more than 30% additional capacity, if compared to a traditional dishwasher

Optimize space with the smart baskets

The **New Basket supports** are specifically designed to optimize space during your loading.
The **Upper Basket** comes with **10% of more spaces** for glasses, cups, long cutlery, side plates and medium-sized containers; plus, the height can be adjusted even when fully loaded.

Great performances with the Brushless inverter motor

Maximize your **washing results** thanks to the cutting-edge **Speed-Drive Inverter Motor** (BLDC), the new Candy long-lasting belt technology.

Save energy with the New energy class

Minimize energy consumption thanks to the new **BLDC motor** which allows your dishwasher to reach up to the **new Energy Class**.

Maximum flexibility with the 3rd rack configuration

Simplicity and comfortable loading solutions are the keywords of the new **Candy Smart 3rd Basket**. By easily moving the right-hand section or the left-hand section, you will create an ideal space for your cutlery and the most delicate glasses.

* Only available on 16 pls model.
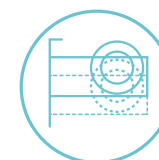

The easiest loading activity with the Flexible racks

The **lower basket foldable racks*** allow you to place your dishes wherever you want, ensuring the easiest loading activity. You can fold them down to wash larger pots or pans or keep them up to stick your plates set.

* Only available on 15 pls & 16 pls models.

washing

Programs and functions

Wash&Dry 35'

The fastest program on the market, it fully washes and dries your dishes in only 35 minutes.

Rapid 49'

Ideal to wash a half load and cut consumption.

Rapid 59'

Ideal to wash a full load in less than one hour.

Auto Wash

The program that sets the most efficient duration and temperature, according to the load and the soiling level*.

* only on certain models.

Intensive

For heavily soiled pots and dishes.

Universal

Ideal for a daily wash, excellent in its soil removing performance, using hot water up to 60°C.

Auto Plus

Automatic program for heavy soil and big load.

Glass

A delicate program, ideal to wash delicate dishes and glasses.

Silent

Enjoy a peaceful kitchen and reduce noise.

Prewash

Prewash your items that are stored in the dishwasher until you are ready to wash a full load.

washing

Programs and functions

Half load

Appositely developed for **small (half load) and lightly soiled loads**. It allows you to **save time**, **energy**, and **water** without compromising performance.

Half load PRO

You can wash only the **dishes in one basket**, according to your needs. Select the one you need and **save energy and water** (3rd basket if present is always activated).

* only on certain models.

Auto door

With the Auto Door, the door automatically opens slightly during the drying cycle, helping to create a natural way to get **maximum drying performance**, while **reducing energy consumption**.

* only on certain models.

Hygiene +

This option is designed to increase the washing temperature to get better washing performance including real sanitization into the tub.

Tabs

This option allows you to **optimize the performance of the program** by simply choosing the **type of detergent** you want to use: liquid or pods.

Express

Press this option if you need to **cut the washing time** of the chosen cycle, without **compromising performance**. For daily soiled dishes.

Extra dry

By setting the **Extra Dry function**, the temperature increases during the last phase of the cycle, providing **optimal drying results** even for **glasses and plastic items**.

Type of oven: Gas with rotisserie

Others Features: Stainless Steel
- 4 Gas burner - Gas oven - Gas grill
- Full safety - 2 Cast iron grids
- WOK adapter
Glass Lid With Profile, Mechanical Minute Minder, Flip Down Drawer, Adjustable Feet

Made in Turkey

33001463
CGG64XLPG

CGG95HXLPG/1 — GAS COOKER

Capacity / Size: 130L / 90cm

Type of oven: Gas with rotisserie + Fan assisted

Others Features: Stainless Steel - 5 Gas burner - Gas oven - Gas grill - Full safety - 3 Cast iron grids - 130L
Glass Lid With Profile, Mechanical Minute Minder, Flip Down Drawer, AutoIgnition, Adjustable Telescopic Feet & Thermostat, Flat Oven Cavity with Side Racks

Made in Italy

33002163
CGG95HXLPG/1

CGG95BXLPG — GAS COOKER

Capacity / Size: 106L / 90cm

Type of oven: Gas with rotisserie

Others Features: Stainless Steel - 5 Gas burner - Gas oven - Gas grill - Full safety - 3 Cast iron grids -106L
Glass Lid With Profile, Mechanical Minute Minder, Flip Down Drawer, AutoIgnition, Adjustable Telescopic Feet & Thermostat, Flat Oven Cavity

Made in Turkey

33001462
CGG95BXLPG

RGG95HXLPG/1 — ROSIĒRES — GAS COOKER

PRENEZ GOÛT À L'INNOVATION

Capacity / Size: 130L / 90cm

Type of oven: Gas with rotisserie + Fan assisted

Others Features: Stainless Steel - 5 Gas burner - Gas oven - Gas grill - Full safety - 3 Cast iron grids - Splashback - 130L
Cooling Fan, Mechanical Minute Minder, Flip Down Drawer, AutoIgnition, Adjustable Telescopic Feet & Thermostat, Flat Oven Cavity with Side Racks

Made in Italy

33002162
RGG95HXLPG/1

CVE660MI/E-19   ELECTRIC CERAMIC COOKER

Capacity / Size: 60L / 60cm

Type of oven: Electric

Type of Hob: Vitro Ceramic

Others Features: Stainless Steel - 4 Vitro Ceramic Hobs - Electric Oven - Full safety - 7 Multifunction - Energy Class A - 3 Button Timer Programmer - Flat Oven Cavity with Side Racks

Made in Turkey

33002148
CVE660MI/E-19

CVE960MI/E-19   ELECTRIC CERAMIC COOKER

Capacity / Size: 97L / 90cm

Type of oven: Electric

Type of Hob: Vitro Ceramic

Others Features: Stainless Steel - 5 Vitro Ceramic Hobs - Electric Oven - Full safety - 8 Multifunction - Energy Class A - 3 Button Timer Programmer - Flat Oven Cavity with Side Racks

Made in Turkey

33002149
CVE960MI/E-19

It was 1945 when the first all-Italian washing machine was produced: a Candy.

Since then, we've become an intrinsic part of family life by simplifying the way we carry out day-to-day domestic chores. Over time, **our range has broadened to include all kitchen appliances**: ovens, hobs, cooker hoods, fridges and dishwashers. Here at Candy, we're passionate about developing **unique**, **innovative products** and exploring untapped areas.

A story that never stops innovating.

Candy's adventure started in 1945 and, more than 70 years later, we are still adding new chapters.
We are looking forward to the future, and you?

Our history

Always alert to changing history, Candy now celebrates **70 years of impressive success** built on our philosophy and by listening to the people we love: you.
Thanks to our Italian roots, we combine design skills with the creativity that has always belonged to our culture and our domestic appliances never fail to satisfy expectations.

Candy:
70 years of records

1945

The 1st Italian washing machine called **"Modello 50"**.

1978

• Candy is the first italian company to produce
• **No-Frost** refrigerators.
• **The ZOOM** system in washing machine make it possible to shorten wash times considerably.

1989

Candy **Holiday** is the first 33 cm washing machine which is suited to standard bathroom furniture. Candy also launches the first washer-dryer with a depth of just 44 cm.

From 2000 awards

Candy is the first to introduce 8/9/10/11 kg washing machines, dryers up to 9/10 kg and top loaders up to 8 kg.

2010

Easycase revolutionises the condensation collection system in dryers.

2015

simply-Fi is the first range of domestic appliances connected via Wi-Fi.

2014

Evospace Maxi Plates is the first dishwasher with capacity for 16 plates.

2018

Candy Bell'Ó Smart Cooling has a new shape.

2019

The **oven range** is implemented with connectivity functions and vocal management through the **simply-Fi App** and the new **hOn App**.

Candy RapidÓ
Unique a set of 9 rapid programmes, the new Snap&Wash function and an innovative ergonomic design that guarantees maximum comfort, Candy RapidÓ is the easiest way to save time.

Candy Brava
Fastest wash and dry cycle in the market: 39 minutes.

1945

1960

Candy **Automatic 3** is the first washing machine with modern features, like automatic operation with suspensions and a glass window.

1970

Brava is the first super-automatic dishwasher that can manage up to 8 place settings and reduced loads.

1980

• A dishwasher, cooking hob and oven in just one appliance: the TRIO arrives on the market.
• Candy introduces the first 5-burner cooker in 60 cm.

1986

The Candy **Alisè** is the first washer-dryer in Europe with an internal condenser.

2006

The **GrandÓ** washing machines have the largest door on the market.

2004

The **Futura** dishwashers are the first to wash 15 place settings.

2012

The **Maxi** ovens have the largest cavity, in standard dimensions, on the market.

2017

Watch&Touch is the game changer in your kitchen. The only connected oven with full touch total control screen door and integral HD video camera.
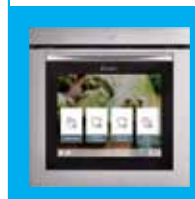

Candy Bianca: intuitive washing has a new model.

2020

Candy Nova. The connected washing machine with just one button, fully manageable from your smartphone via **hOn App.**

2021

Snap&Wash via **hOn App**: the smart feature that allows to find out which is the best program suited to the laundry amount, type and color thanks to a simple snap of the garments.
